ABOUT

FULLY DEDICATED

One customer equals one delivery.

Without any additional stops, the risk of delay is reduced to an absolute minimum.

OUR

ALL OVER EUROPE

Our drivers change scenery every day. One day they are in the cold snow of Northern Europe, the next day could be a hot day in Sicily.

TRANSPORT

MAXIMUM SECURITY

All our vehicles are standard equipped with GPS Security watch (TAPA)

We offer a broad range of additional security measures.

SERVICES

COMPETITIVE PRICING

We are a reliable partner with a high service level.

Our pricing is friendly and we are committed to fully satisfy your demands.

NATIONAL TRANSPORT

One phone call is all it takes to transport your products across the Netherlands. Your products or pallets are picked up by experienced drivers who will represent your company in a professional way. Our modern vans and trucks are fitted to your transportation needs. Because we offer a dedicated service, the chance of delay is reduced to an absolute minimum. All goods are picked up and delivered by the same driver without any unnecessary stops. A very safe way of transportation.

NATIONAL SECURED TRANSPORT

Does your product need extra attention because of its value? Our special team of drivers will make sure that your shipment is picked up and delivered as fast as possible in the Netherlands. This dedicated transport is electronically sealed and tracked by GPS. In case of an emergency, action will be taken without hesitation. Every shipment is monitored by both us and an independent third party. It is also possible to accompany the transport with low profile cars for security.

INTERNATIONAL TRANSPORT

Your products need to be in Milan before 11 a.m. tomorrow morning? Our planners and drivers will take that challenge. Any truck or van is dedicated to the transportation of your product. A safe and quick way of delivery. At any time of the day we will know exactly where the transport is, due to extended GPS tracking. We are available at short notice, but are also a valued partner for structural logistic solutions based on your individual needs.

INTERNATIONAL SECURED TRANSPORT

Europe has several destinations that need extra safety. Especially when it concerns your valuable products. In that case it is a relief to know that we are just the right partner to get your shipment safe and on time at the destination. GPS tracking and observation are just some of the safety standards. All our secured transports are electronically sealed. If a door opens, a truck is forced to stop or if any other abnormality takes place, expect a swift action from our part. We are always in contact with our experienced drivers. And monitoring takes place 24 hours a day. Additional security measures like low profile cars that accompany transport vehicles can be provided.

WAREHOUSING

Besides transporting your products, we offer an additional service. Storage in our own class 4, TAPA certified and secured, warehouse. We have a huge capacity and are able to store a single pallet or thousands of square meters. For a short or longer period. An ideal situation if you have a product that needs to be allocated within hours.

TAPA PARTICIPANT

Door to Door Couriers is TAPA certified since 2004. The Transported Asset Protection Association is an association of security professionals and related business partners from various manufacturing and transportation companies who have come together for the purpose of addressing the emerging security threats that are common to the relevant industries. Meeting the requirements of this association means that we offer the highest level of quality and security.
